

SENATOR® COLOUR OF THE YEAR

**VIBRANT COLOURS
TAILORED TO YOU.**

As a producer of plastic ball pens, we also fulfil individual colour requests for a quantity of 10,000 pieces.

100 % MADE IN GERMANY

All senator® plastic pens are fully produced in Germany using 100% Green electricity. For us, “Made in Germany” goes far beyond mere advertising and encompasses the entire value chain from **design and development, injection moulding, assembly and printing to logistics and quality assurance**. This means we know exactly which raw materials go into every single writing instrument.

Your advantages with senator®:

- Short transport distances and proximity to the market
- Safe and durable products
- High and uniform quality standards
- Extensive know-how with experienced employees
- Flexibility in product development

With each of our writing instruments, we achieve a **leading CO₂ footprint** in the industry per metre of writing length, because in terms of **ecological footprint, a product “Made in Germany” clearly exceeds other imported products**.

PMS SERVICE

As a manufacturer, we also produce all plastic writing instruments in the colour of your choice. Tell us the PANTONE® number of your desired colour and we will produce the pen or just a specific part in your **very own personal shade.**

This is possible from a **quantity of 10,000 pieces.**

For approval we will send you a sample plate made in the desired colour.

Special logo colours that deviate from the standard are just as easy to reproduce as colours for seasonal advertising campaigns. Be creative!
